

pow wow

Pow-Wow - 5m

Economical Pow-Wow structure is the ideal sun shade for green and urban spaces. The use of timber provides a soft organic feel to your environment.

Typical Applications

- Demountable Sand-pit Cover
- Sun Shade
- Outdoor Classroom

Size options

- 5m x 5m

Technical details:

Framework

Pressure Treated timber masts.

Fittings

Mild steel galvanised bases, BZP fixings

Fabric canopy options

- Demountable shade-net material available in 6 colours, in both fire retardant and non-fire retardant specification. Life expectancy of 5 to 10 years.

Installation

The Pow-Wow can typically be installed in 1 day, on to concrete foundation pads by others. Requires good access for light plant equipment and installation.

Plant Machinery

- Manual Lifter/Stacker
- Scaffold Tower or Podium Steps

Foundations

Four below ground concrete foundation pads for four steel base plates. Please request General Arrangement drawing for more information.

Demountable Canopy

Sail canopy is easy to store and fix to masts

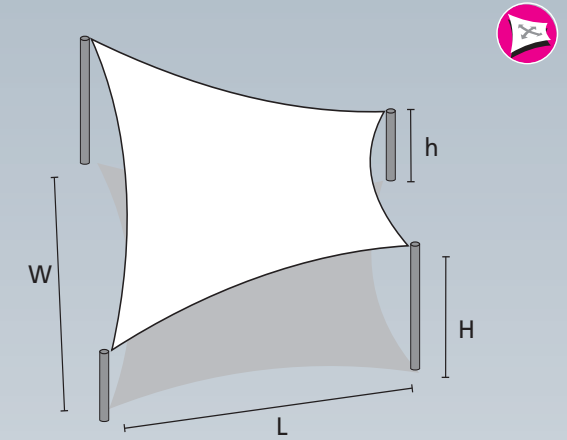

Shade

Canopy provides excellent shade and is shower resistant

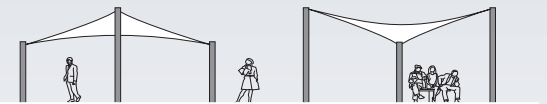

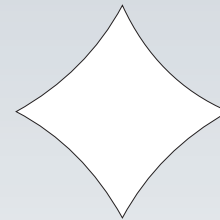

Natural Harmony

Timber masts suit green and urban spaces
