

wave

Wave - 5m x 3m

Multi-functional Wave structure is ideal for a variety of applications. A unique modular design with numerous possibilities.

Typical Applications

- Entrance Feature
- Walkway
- Signage and Focal Point

Size options

- 5m x 3m
- 10m x 3m - expandable in 5m bays

Technical details:

Framework

Framework is mild steel, in either a galvanised finish or polyester powder coated to most RAL colours.

Fittings

Marine grade (316) stainless steel fixings plus anodised aluminium extrusion.

Fabric canopy options

- PVC coated polyester, available in 8 colour-fast shades, with a life expectancy of 20 years.
- Environmentally friendly Solar Glass Weave fabric, in off-white colour only, with a life expectancy of 30 years.

Installation

The Wave can typically be installed in 2 days, on to concrete foundation pads by others. Requires good access for plant machinery and installation.

Plant Machinery

- Cherry picker or Scaffold Tower
- Telehandler

Foundations

Four below ground concrete foundation pads for four steel legs. Please request General Arrangement drawing for more information.

Rainwater Management

Clever framework design controls rainwater run-off without the need for complex gutter system

Lighting and Sound Systems

Easily integrated for maximum effect and usability.

Expand and Adapt

Build lengthways to create walkways

Signage and Branding

Fixings can be added to accommodate branding, logo and signage
